About the Clients

- Payment Method must be verified.
- only few jobs (doubtful)
- hire Rate & Rating
- Not apply if interviewing is done

Pre Cover Letter requisites

* Specialised to client's proposal
  how you are the right fit
- Read the entire job description
- check for deadlines & how many hours
  You have to Work

(1) Check if the client's name is written that'll help to write customise Cover Letter

(II) check which type of profile you want to apply for

(III) Select the rate you'd like to bid for it must be basic, Low rate ↓ high chances ↑.

(IV) Don't use a Rate increase (for short term Project

....

(V) If you don't know client's name start with Hello, otherwise write dear.

(Vi) don't change the paragraph after adressing. Write just after that like [I noticed you are Looking for ---]

(Vii) If you have experience mention it & if You don't write [I specialized in ---] write the skills & your affirmation.

(Viii) after changing paragraph, write why I'm the great fit for this Job. write in bullet points.

(ix) Write in how many hours you can complete the job (tentative period), Avoid if you don't know how long will it take.

(x) Mention to (check my portfolio) So portfolio must be attached.

(xi) Now Add requirements what you need from the client.

(xii) Now after that in the action line write you are happy to schedule a meeting at client's convenience.

HOW TO DRAFT WITH CHATGPT

- firstly, Copy the entire job description, Now write the prompt by writing this is the job description where I like to send proposal.
- then write here is the format---(as mentioned above) & attach the format with your details.
- Copy your profile overview from upwork and attach in the prompt (here is my overview).
- Give it a Word's limit to avoid extra(200-300) Mention the client's name.
- Now make the changes after copying the format Like don't exactly copy-paste it. Remove Unnecessary Keywords.
